About

I am a recent MSc (MCS) graduate with a focus on Mathematics and Computer Science, having completed my final exams in September 2024. With hands-on experience gained from an internship at OTBI, I have successfully designed and developed web applications using HTML, CSS, JavaScript, PHP, and MySQL. I am passionate about full-stack development and eager to apply my skills to create innovative and impactful solutions. I am actively seeking opportunities as a Full Stack Developer, where I can leverage my technical expertise and enthusiasm for problem-solving to contribute to meaningful projects

Professional Experience

Apex SDG at Osmania Technology Business Incubator (OTBI)

Web Development Intern

April 9, 2024 - May 24, 2024

- "Water Footprint Calculator" Project: Played a key role in developing a tool to promote efficient water management practices.
- Front-End Development: Crafted a visually appealing and user-friendly interface using HTML, CSS, and JavaScript, ensuring a seamless user experience.
- Back-End Development: Engineered a robust and scalable back-end system with PHP and MySQL, optimizing performance and reliability.
- Sustainability Integration: Collaborated closely with the team to embed sustainable development themes into the project, aligning with broader environmental goals.

Certifications :

- In Apex SDG at Osmania Technology Business Incubator (OTBI)

Skills & Competencies

Front-End Development(HTML, CSS, JAVASCRIPT)

Back-End Development (PHP, MYSQL)

Database Management

React.js, node.js

Adaptability and Continuous Learning

Intermediate knowledge in python

Education :

Master of Science in Mathematics and Computer Science (MSc, MCS)

Osmania University

2022-2024

Completed Exams :September(27th)2024

Grade: Pending

Bachelor of Science in Mathematics, Physics, and Computer Science (B.Sc., MPCS)

Osmania University

2019 - 2022

Grade: 8.7

Intermediate (MPC)

Sri Chaitanya Junior College

2017-2019

Grade: 9.4

Secondary School Certificate (SSC):

Krishnaveni Talent School

2017

Grade: 8.7

Hobbies:

- Learning New Things: Enthusiastic about acquiring new skills and knowledge, especially in technology and personal development.
 - Traveling: Enjoy exploring new cultures and destinations, which helps broaden perspectives and inspire creativity.
-
